

7/7/15 solar meeting

Attending: Bruce , Patrick, Pat, Charles, Toby, Jack, Rob, Meli, Jaime, Cheryl, Mary, Gael, Eric, Sue, Brian,

Agenda:

Xerocraft solar oven build by Toby. 7/11 10a to 1p

Toby working with Charles. Based on one made for community food bank, cardboard box version. Will sell raffle tickets for sun oven and tickets for Mustang. Will have fliers about the other upcoming events. Charles said class will continue on with another group and hopes to offer on more occasions coming up. Toby said they will do designing on the spot. Toby said Refrigerator boxes make excellent dehydrators.

Need deadline for folks to turn in mustang unsold tickets and ticket stubs so we can get a new set of tickets for the coming events.

Bruce propose building a pv stand alone system for cfs to have at events that can be parked at xerocraft for their unlimited use on a trailer system. Charles reminded that we move on since the serocraft need of system for radio station is a year away.

Goodwill Good fortunes outreach 7/17 9a-4p near cherrybell postoffice on 29<sup>th</sup> street

Pat reporting several folks involved and others are welcome to join. Training of 5 students using girls scout system. Want students to get a feel for tear down and build. Comprised of basic solar 101 arrays. Not sure how much will be able to do fountain and cooking systems. No logistics in place for moving fountain to display at VoM event yet. Patrick said he could fit the parts and Rob will provide truck for the array. Pat said 3 fans and evap could be run off the array. Will be charged up from the day.

Celestine festival at Valley of the Moon solar cooking demonstrations 7/18 10a to sunset

Bruce reports will have 5 or so cooking folks there and sell tickets. Get new gosun mini to show for selling tickets drawing will be at equinox event. Company did very successful crowd funding so should be able to get support.

Pat would like to have goodwill banner there for pv display system. Rob said Jenni Sunshine feels that it isn't coming together so well yet, as they had hoped. Will have popups for shade. Tables for flyers and info for network groups like xerocraft, if they can provide some flyers to have on display. T-Shirts?

Rob posted schedule: 9a cooks set up

Noon public and music begin

6:30 sunset / dinner

7p music over

730 closed

9p all out

Cheryl asked what she could do needs done before event. Vendor donations for raffle, direct sell vendors. Will Tshirt be at event to sell? Mustang tickets?

Equinox event at Valley of the Moon Solar cooking & Potluck 9/19 noon to sunset

Bruce reporting their most worrisonome is the noise potential to disturb neighbors. Also no alcohol in the park. Music is acoustic only and Rob is getting list for musicians together. Is currently on several calendars. Flyers handed out for folks to put into shop windows of businesses they have frequency and connection with. T-shirts used to have list of sells to contact for events.

SG second meeting in a month on 3<sup>rd</sup> Tuesday? To begin in September. No openings in August and July too soon. Will plan for Septemeber meeting as support before Equinox event.

New Business:

Bruce says he resigns as SG chair and nominates Patrick as new chair. Pat says bylaws will change, so moves that have separate boards/ officers for each group SG and CFS. Treaserer positions must be separate due to differences in charity types. Brian asked about the idea of being truly one group, but Pat said would lose

political ability and that is of import.

Bruce Plank said is at a stall on solar 101 currently, reported by Bruce. Discussion of keeping same boards, but adding separation of Chair for each group. Bruce said he liked that. Rob second motion of separate chairs. Vote carried.

Elections for CFS at afterparty, and Bruce said all are invited. Rob remains vice chair for both.

New CFS website.

Bruce reporting that he owns the domain for 3 more years so wanted to get more cooking interest and possibly doing more of a dealer for parabola all American sun oven. Or dealer for hotpot or gosun ovens through the site. Got a hotpot from the florida distributor at a past solar event. Have several connections that can develop.

Would like to get some videos on site and develop a utube presence. Anyone with a camera to record?

Break out groups for committee work.

Vivian did newsletter and it has gone out.
